

4" Post Installation (Use Included Adapter)

Step 1) Snap your Buzz Blocker onto the adapter by pressing down on the buzz blocker until you hear the recessed spaces (*Item A in image*) click into place. (If you do not hear a click, you can apply a small amount of pvc glue for added security.)

Step 2) Fill torch and install into your Buzz Blocker (See important warnings regarding torches.)

BuzzCaps 5" Post Installation

BuzzCaps' patent pending design seamlessly installs on 5" vinyl posts with no adapter.

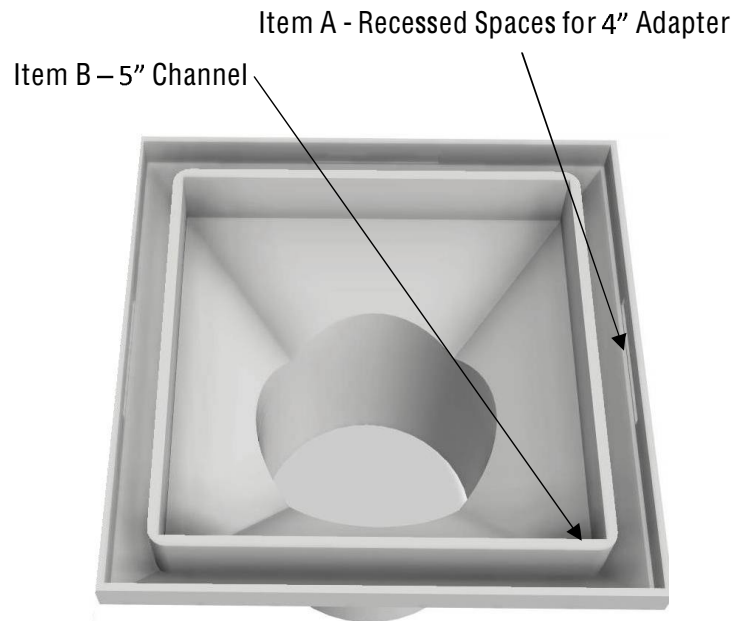

Step 1) Slide the Buzz Blocker internal channel (*Item B in image*) into the hollow 5" vinyl post.

Step 2) Fill torch and install into your Buzz Blocker (See important warnings regarding torches.)

Torch instructions:

Always make sure there is no torch fuel on the body of the torch, or surrounding area. Do not fill torch while in the BuzzCap, always remove torch to fill and then replace. Do not fill torch to more than $\frac{3}{4}$ full. Always position the torch wick as low as possible. More wick = more soot and smoke. ALWAYS USE CLEAN BURN FUEL (we like FireFly Eco-Friendly but Tiki Brand works as well), failure to do so can lead to damage or discoloration of your Buzz Blocker and surrounding areas. Failure to follow instructions may lead to damage or fire.

WARNING: Never leave fire unattended. Always keep open flame out of reach of children and pets. Torch may be hot while in use.

BuzzCaps Legal Disclaimer:

The use of a torch or any open flame can pose significant risks, including fire hazards, property damage, and personal injury. By using, applying, or recommending the use of an oil torch, the user acknowledges and accepts the following terms:

1. **Assumption of Risk:** The user assumes all risks associated with the use of a torch, including but not limited to fire, heat damage, injury, or property destruction.
2. **Safety Precautions:** The user agrees to follow all safety guidelines and instructions provided by the manufacturer of the torch and any applicable fire safety regulations. It is the user's responsibility to ensure that the surrounding area is free from flammable materials and that proper protective equipment is worn during use.
3. **No Warranties:** No warranties, express or implied, are made regarding the safety or effectiveness of using a torch. The user accepts full responsibility for ensuring safe and appropriate use.
4. **Limitation of Liability:** The creator, distributor, or recommender of this product shall not be liable for any damages, injuries, or losses arising from the use or misuse of a torch on a fence, including any indirect, incidental, or consequential damages. This includes but is not limited to liability for fire, personal injury, or property damage.
5. **Indemnification:** The user agrees to indemnify and hold harmless the creator, distributor, or recommender of the product from any claims, actions, liabilities, or losses arising from or related to the use BuzzCaps.
